

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

AMENDS LAWS REGARDING POLICE OFFICER USE OF FORCE, TRAINING, BODY CAMERA, AND BUDGET REQUIREMENTS. INITIATIVE STATUTE. Seeks to limit when police officers may be shielded from liability for excessive force under the federal “qualified immunity” defense. Requires officers found guilty of excessive force be fired and barred from future service. Requires officers report, and intervene to stop, use of excessive force by other officers. Requires use of body cameras during all on-duty interactions with public, and online posting of all incident recordings. Requires 20 percent of police departments’ budgets and on-duty officer time be used for training. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: **Increased state and local government costs, which could reach the billions of dollars annually, primarily related to the use of body cameras and increased use of force training.** (21-0010A1.)
