

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

REQUIRES STATE PROVIDE ANNUAL PAYMENTS TO STUDENTS ATTENDING RELIGIOUS AND OTHER PRIVATE SCHOOLS. INITIATIVE CONSTITUTIONAL

AMENDMENT AND STATUTE. Requires state to deposit yearly voucher payments (\$17,000

initially, adjusted annually) into Education Savings Accounts for California residents in grades

TK-12 attending religious and other private schools anywhere in the United States. Payments

will come from General Fund and property tax revenues that currently fund public schools.

Eliminates constitutional prohibition on state funding of religious and other private schools.

Prohibits state regulation of private school curriculum. Prohibits building, safety, or health

standards for home schools that are stricter than standards applied to homes or similar

businesses. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact

on state and local governments: **For the state: increased costs, likely ranging from several**

billion dollars to more than \$10 billion per year, primarily driven by payments for students

enrolled in private schools (or homeschooling). The state could pay for these costs using

revenues it currently spends on public schools or other state programs. For public schools:

reductions in state funding based on the number of students leaving public schools. This

reduction could range from a few billion dollars to more than \$16 billion per year and is

separate from any reduction the state might make to pay for its own costs. Public schools

would likely respond by spending less on staff, supplies, services, and other activities.
