Sacramento, CA 94244-2550

RECEIVED

MAR 01 2021

RE: Request for Circulating Title and Summary

INITIATIVE COORDINATOR
ATTORNEY GENERAL'S OFFICE

Dear Attorney General Becerra:

I respectfully request that a circulating title and summary of the chief purpose and points of a proposed initiative measure known as the Sustainable, Healthy Earth Act be prepared.

Please find enclosed the text of the measure and check for \$2000.

I, Dale McClure, declare under penalty of perjury that I am a citizen of the United States, 18 years of age or older, and a resident of Marin County, California.

I, Dale McClure, acknowledge that it is a misdemeanor under state law (Section 18650 of the Elections Code) to knowingly or willfully allow the signatures on an initiative petition to be used for any purpose other than qualification of the proposed measure for the ballot. I certify that I will not knowingly or willfully allow the signatures of this initiative be used for any purpose other than qualification of the measure for the ballot.

Sincerely,

Dale McClure
Committee for Measure Sustainable, Healthy Earth Act

INITIATIVE MEASURE TO BE SUBMITTED DIRECTLY TO THE VOTERS
The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:

To the Honorable Secretary of State of California

We, the undersigned, registered, qualified voters of California, residents of Marin County, hereby propose amendments to the education code, relating to environmental education, and petition the Secretary of State to submit the same to the voters of California for their adoption or rejection at the next succeeding general election or at any special statewide election held prior to that general election or as otherwise provided by law. The proposed statutory amendments read as follows:

SECTION 1. This measure shall be known, and maybe cited, as the Sustainable, Healthy Earth Act.

SEC. 2. The people of the state of California find and declare all of the following:

- (a) Our means of living are generating an extraordinary degree of damage to our planet through pollution, global warming, overpopulation, overconsumption, deforestation, extinction of species and destruction of our ecosystems.
- (b) The deterioration of our ecosystems and biodiversity are associated with worldwide health problems including malnutrition and infectious diseases.
- (c) Healthy ecosystems in environments are necessary to the survival of humans and other organisms.
- (d) For a sustainable, healthy Earth, it is imperative for us to continually update and refresh our knowledge and skills of sustainability.

SEC. 3. The people of the state of California find and declare that the purpose of this measure is to do all of the following:

- (a) Make teachers and pupils a part of the solution to Earth's environmental and ecological crisis and help make the course corrections necessary to address the crisis.
- (b) Promote sustainable patterns of consumption and production.
- (c) Take steps to move away from fossil fuels, better use resources, protect and restore Earth's ecosystems, reduce consumption of animal products, stabilize a human population, and more.
- (d) Ensure the protection of the environment and the promotion of inclusive social and economic development in harmony with nature.
- (e) Provide education that encourages changes in knowledge, skills, values, and attitudes to enable a more sustainable and just society for all.

SEC. 4. It is the intent of the People of the State of California that this measure not result in the creation of additional courses of instruction for pupils, nor in any additional costs to a public school. Rather, it is the intent of the People of the State of California that a public school

incorporate the requirements of this measure into its existing practices using existing or cost-free resources.

SEC. 5. Chapter 2.5 (commencing with Section 51300) is added to part 28 of Division 4 of Title 2 of the Education Code, to read:

Chapter 2.5. The Sustainable, Healthy Earth Act

51300. (a) A public school shall provide each teacher and pupil with 30 hours of healthy Earth sustainability education and best practices training every two years.

(b) Healthy Earth sustainability education and best practices training provided to a pupil shall enhance the knowledge of the pupil to a level beyond that which the pupil previously learned.

(c) Healthy earth sustainability education and best practices training shall do both of the following:

(1) Include topics that are related to the scientific knowledge or technical skills required for the practice of Earth sustainability, or related to the direct or indirect care of the Earth.

(2) Incorporate experiential and hands-on learning.

(d) Healthy Earth sustainability education and best practices training shall not exceed eight hours per day.

(e) For purposes of this section, "public school" means a school district, County office of education, charter school, or state special school maintaining kindergarten or any of grades one 1 to 12, inclusive.
